

Saveway Group

Declaration of Conformity for Materials and Articles Intended to Come into Contact with Food

REGULATION (EC) No 1935/2004 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL on materials and articles intended to come into contact with food and repealing Directives 80/590/EEC and 89/109/EEC came into effect on October 27, 2004. L 338/4 EN Official Journal of the European Union 13.11.2004

According to Article 3 (1), materials and articles, including active and intelligent materials and articles, shall be manufactured in compliance with good manufacturing practice so that, under normal or foreseeable conditions of use, they do not transfer their constituents to food in quantities which could:

- (a) endanger human health; or
- (b) bring about an unacceptable change in the composition of the food; or
- (c) bring about a deterioration in the organoleptic characteristics thereof.

The **Saveway Group** confirms hereby:

- a) our Muscovite Mica products "**SW-THERM M and SW-MICANITE RIGID M (incl. SSQ)**" are produced according to EU Commission Regulation no. 2023/2006 of 22. December 2006 on good manufacturing practices for materials and articles intended to come into contact with food (GMP) and no. 1935/2004 of 27 October 2004 on materials and articles intended to come into contact with food and repealing Directives 80/590/EEC and 89/109/EEC (for details see our self-assessment),
- b) that the overall migration and the specific migrations are below the legal limits if used as specified. The **Saveway Group** will also repeat regularly checks of migration and residue values to ensure that the limit values are constantly met.

Specification for the intended use or restrictions:

- a) The products are **suitable for indirect contact** with food in warming and household appliances for a duration of up to 2 hours and up to 230 °C.
- b) Direct contact (e.g., as packaging material) with foods is discouraged because the samples failed the sensory median taste test with water at 2 hours with 100 ± 2 °C.
